

# ROBERTO GÓMEZ FÁBREGA

## Full-Stack Web Developer

Jaén, Spain

### PROFESSIONAL PROFILE

Full-stack web developer with a strong foundation in modern web technologies and a passion for building efficient, user-friendly applications. Skilled in both frontend and backend development, with expertise in React, Node, Express, and database management using MongoDB. Proficient in creating responsive designs with HTML and CSS, and experienced in developing RESTful APIs and scalable solutions.

A quick learner with a proven ability to adapt to new tools and frameworks, dedicated to writing clean, maintainable code. Strong problem-solving skills and a collaborative mindset, thriving in team-oriented environments. Committed to continuous learning and professional growth while delivering impactful and innovative solutions in every project.

Gaming  
Skater

### LANGS

Mother tongue: Spanish  
High English level

### EXPERIENCE

#### May 2024 – May 2025 | KeepCoding | Full-Stack Web Development

*Developed modern UI with React.js, JavaScript (ES6+) HTML, CSS (Tailwind) and Web Components, ensuring performance and responsive design.*

*Built secure RESTful APIs with Node.js and Express.js, managing databases with MongoDB (Mongoose). Implemented cookies, microservices, JWT authentication, session handling, and role-based access.*

*Deployed applications on AWS (EC2) and managed Linux (Ubuntu) servers. [Example](#)*

*Applied MVC architecture and TDD.*

*Practical exposure to WebSockets, modular server-side development, Typescript, Redux, Pub/sub, Sql, Jest, Vitest.*

#### 2019 - 2024 | Immersive Learning & Professional Development (London, UK)

*Worked as a self-employed professional while developing fluency in English in an international environment. Gained adaptability, problem-solving, and team communication skills.*

**2017-2018 | Employment contract for the realization of a specific scientific and technical research project at the Higher Council for Scientific Research (EEZ CSIC, Granada)**

### ACADEMIC

**2024-2025** Bootcamp Full-Stack Web Developer in KeepCoding.

**2011-2016** Education & Professional Training.

### TECH SKILLS

**Frontend:** HTML5, CSS3, JavaScript (ES6+), TypeScript, and React.js for modern UI development, and performance optimization. Responsive Design with a mobile-first approach and API integration using Axios.

**Backend:** Node.js, Express.js, and RESTful APIs for secure. Database management with MongoDB (Mongoose). Authentication with JWT, session handling, and role-based access control. MVC architecture.

**Cloud & DevOps:** AWS (EC2) for cloud deployments and Linux (Ubuntu) for server administration, shell scripting, and process management.

**Practical experience in:** Web Sockets, SQL, Pub/sub, state management (Redux) and TDD with Jest and Vitest.

**Additional Tools:** Git&Github, Agile workflow, API REST desings and debugging.
